SCOPE AND CONTENT

The primary goal of this event is to bring together academia and industry experts from the Waste Management and Recycling sectors from around the world, offering state of the art knowledge and sharing experiences with all who attend.

The 5th edition of the International Conference WASTES: Solutions, Treatments and Opportunities will be a joint organization of CVR - Centre for Waste Valorisation and FCT-UNL - Faculty of Sciences and Technology of the Universidade Nova de Lisboa.

Authors are invited to submit their contribution as full or short papers.

All full papers accepted will be included in a book published by CRC Press – Taylor & Francis Group, that will be proposed to Scopus and Web of Science for indexing. Note that the articles included in the Wastes 2015 book are presently available in Scopus, while those from the 2017 edition are indexed in Web of Science (ISI).

Also, the short papers accepted will be included in the Book of Proceedings of the Conference (with ISSN).
